## Type 5/6 Coverall Chemical Splash Resistant

A light yet strong microporous laminate coverall.

Soft and comfortable with an excellent chemical and hazard barrier. With anti-static and non-linting properties it is ideal for use in aerospace, chemical handling, disease and disaster management, forensics and waste management industries.

### Asbestos & Chemical Protection

- Two way zip with re-sealable adhesive stormflap
- Elasticated 3-piece hood
- Elasticated back
- Elasticated ankles
- Knitted cuffs
- Anti static
- Latex and silicone free
- Non-linting

Bio-Hazard EN 14126

## Back Support Belt

Provides lower/mid back and extra abdominal support. It enhances user awareness and encourages the use of proper body posture when lifting, pulling and pushing.

The 200mm (8in) wide elastic back panel has 4 internal stays and tapered front panels for improved clearance whilst bending.
