

# Labels : Signs

## Hazardous Substances Sheets

Each sheet displays 3 vinyl labels which can be easily cut and used when required.  
1 x 200mm<sup>2</sup> and 2 x 100mm<sup>2</sup> labels per sheet.

## with Class numbers

## UN Placards to IMDG Code

UN substance numbering is a requirement on road and rail tanks, freight wagons/vehicles and containers. You can display this by using these diamond shaped placards.  
Supplied with a blank space allowing you to fill in the appropriate numbers (must be 65mm high and in black) - alternatively we can print them for you at additional cost.
