

All our permanent
road signs are
manufactured and
CE marked to
BS EN 12899-1:2007

It is illegal to manufacture
permanent road signs
without this accreditation.

CE

In July 2013 it became law that all manufacturers of permanent road signs be accredited to BS EN 12899-1:2007 standard, and comply to the requirements contained therein. As manufacturers we have completed our assessments and can supply permanent road signs legally throughout the UK.

CE	0102	Resistance to horizontal loads	
		Pass	Pass
0102	0102	Impact	W1.6
		Impact deflection bending (sign plate)	TDS.5
0102	0102	Dynamic wind load	DSL.0
		Passive wind load	PL.3
0102	0102	Permanent deflection	Pass
		Passive deflection	PAF.1
0102	0102	Visibility characteristics	
		Height, chromaticity & luminance factor	CR.2
0102	0102	Coefficient of retro-reflectance	RA.2
		Durability	Pass
0102	0102	Resistance to weathering	Pass
		2 year accelerated weathering test	Pass
0102	0102	Resistance to corrosion - Atmospheric	Pass
		Resistance to corrosion - Salt Crystals	SP.1
THIS SIGN HAS NO SCRAP VALUE
